SDIC Claims Management Staff

SDIC understands the unique challenges schools face in managing workers' compensation costs by placing strong emphasis on risk control and claims management. Our claims staff are valued & experienced adjusters with many years of experience in the field of workers' compensation claims management. Each adjuster will maintain close communications with their school districts throughout the year. [Please see the attached list of adjusters with the school districts they represent.](#)

SDIC offers claim reviews at your request. [Please contact SDIC.](#)
