

SDIC Claims Management Practice

SDIC Standards of Claims Management include:

- Toll Free Claim Reporting 24/7
- Three Point Contact Investigations
- Detailed Compensability Investigations
- Comprehensive Third Party Investigations
- Immediate response to the catastrophic loss, with coordination of experts and counseling services
- Immediate access to local pharmacies
- Comprehensive physician panels, tailored to your school district, including specialists, physical therapy and MRI networks
- Medical savings through preferred provider networks
- Website links

Early intervention and claim investigation saves time and money for the employee, employer and claims team. We will provide superior medical care and highly qualified claims management professionals to reduce the cost of claims. Our goal is to assist the injured worker in returning to work and a normal lifestyle as soon as possible.

Thank you for being an integral part of our Team!
